

5 Tips

To Help Speed Up Your Insurance Claim

1

Call Them

Ring your insurance weekly, ask for updates and see how the claim is tracking.

2

Grab Details

When speaking with your insurance representative make sure to record down the name of the person that you have spoken to, the time, date, and reference number. This is to keep track of who and when you have spoken to representative about your claim.

3

Ask For A Timeline

Ask for a timeline for when the claim should be processed. This will allow you to have a timeframe for when your claim should be processed.

4

Ask For A Second Report

If the assessor disagrees with the claim you can ask for a second report and request for further assistance with your claim.

5

Request A Cash Settlement

If approved by insurance request for a cash pay-out and the repair maybe completed quicker through your local roofing contractor.
